

How to Set up Balance Alerts on Mobile App

Balance and Transaction Alerts are configured on the account level.

1. Select an **individual account** from the home screen.
2. Select **Alert Preferences**.

3. Select **Balance and transaction amounts**.
4. Select **ADD ALERT**.

5. Enter Balance alert preferences.
6. Click **ADD ALERT**.

A screenshot of a mobile application interface. At the top, the status bar shows the time 8:07, signal strength, 5G, and battery level at 57%. The app header is dark blue with a back arrow, the title "Alert preferences", and the account name "Internet Checking (x0750)". Below this, the section "Balance alerts" is visible. A modal form titled "Balance alert" is displayed. It has a field "When" with a dropdown menu currently set to "below" and a dollar sign icon followed by a blank input field. Below this, the "Notify by" section contains three options, each with a checked checkbox: "Email" (with the email address cwelenc@signaturebankna.com), "Text message", and "In-app message". At the bottom of the modal are two buttons: "CANCEL" and "ADD ALERT". The "ADD ALERT" button is highlighted with a yellow box. The bottom of the screen shows the standard Android navigation bar with three icons.
